

## ROTUBA EXTRUDERS, INC.

### RSM SERIES SHEET CLEAR OR WHITE – ACRYLIC SMOOTH MATTE SHEET

#### GENERAL INFORMATION

RSM – Rotuba’s Smooth Matte sheet has a matte finish on one side and a smooth finish on the opposite side.

#### FEATURES AND BENEFITS

This product offers a high ratio of bulb obscuration to light transmission. This product’s standard light transmission capabilities and non-glare surface make it a great choice as either a standard lay-in lens or is an excellent option for thermoforming applications, with its high transmission properties and the non-reflective finish it produces.

Smooth Matte finish allows for subtle brightness and low glare.

#### STANDARD SIZES AND THICKNESSES

Standard Sizes:                   2’X4’  
  4’X8’
