FOR IMMEDIATE RELEASE

**The Rotuba Extruders, Inc. sells its Lighting Extruded Sheet Business to Plaskolite, LLC.**

Linden, NJ (February, 22, 2016) – The Rotuba Extruders Inc., a Linden, NJ based manufacturer of Extruded Lighting Sheets and Profiles, has sold its Extruded Sheet business to Columbus, OH – based Plaskolite LLC. Plaskolite will add these products to its existing product offering and manufacture them in their production facilities located in Columbus and Zanesville Ohio, and Olive Branch, Mississippi.

“With the growth of Light Emitting Diode (LED) fixtures in the Lighting industry, this deal allows Rotuba to focus on growing the Custom Extruded Profile segment of our business” said Adam Bell, President and CEO of Rotuba.

“The ability to design, build and manufacture new extruded profile applications within days, in varying material formulations and polymers, will be critical to our success in meeting the rapid changes in (LED) technology.

Rotuba thanks all of its loyal customers that have been part of our success over the years and look forward to continue working with them on their extruded profile requirements.

For more information on Rotuba products visit [www.rotuba.com](http://www.rotuba.com).

**ABOUT ROTUBA**

Founded in 1945, Rotuba is a privately owned company with headquarters and manufacturing located in Linden, NJ. Rotuba is the largest Custom Profile Extruder for the Lighting Industry. Rotuba is also one of the largest independent global Custom Compounder of Cellulosics – an environmentally sustainable wood based polymer.

**ABOUT PLASKOLITE**

Founded in 1950 in Columbus, Ohio, Plaskolite is proud to be the largest U.S. manufacturer of continuously processed acrylic sheet products. Plaskolite currently has more than 530 employees and operates manufacturing facilities in Columbus and Zanesville, Ohio, Grand Saline, Texas; Compton, California; Olive Branch, Mississippi and Monterrey, Mexico.
